Casa Lidia is the perfect base, whether you love sailing, are part of a competitive crew, or just a spectator. With unparalleled views of Nelson's Dockyard and the marina, which is the heart of the Antigua Sailing Community, this beautifully constructed villa takes the inspiration for many of its architectural features and raw materials from Bali and combines them with the essential elements of Caribbean structure, a large gallery, louvred windows for maximum airflow and ceiling fans. Italian fixtures and fittings create an atmosphere of contemporary luxury and elegance. Your every comfort has been considered, from large king size beds with mosquito nets, to luxurious linens and towels. For your comfort every bedroom at Casa Lidia has air conditioning. Relax by the pool or under the large wooden cabana, perfect for beauty treatments, yoga, or evening parties and dancing the night away. Adjacent to the cabana there is an additional area paved with local green stone with a stainless steel barbeque and extra large traditional Coal Pot, a great place for open air barbeques by the pool. There is a safe and a fire extinguisher in every bedroom.

Casa Lidia Cottages consist of 2 cottages containing 2 large

communicating but independent studios with en suite bathrooms and outdoor showers with tropical plants. There are also outdoor kitchenettes and al fresco dining areas. Casa Lidia Cottages can be rented separately, together, or with Casa Lidia Main House.
