

 4    5    4379 sq. ft

Our largest villa, Falcon Beach House offers over 4,379 Sq Ft of indoor & outdoor living space combine. This two-story home features four bedrooms, four bathrooms, a second interior living room, two outdoor lounges and light-filled and spacious areas designed as a larger family legacy property.

The project is a highly exclusive luxury real estate offering, made possible by the collaboration of a local architect and builder with an international property developer and seller. The developers of the project have drawn inspiration from the stylish beachside living exemplified in iconic places such as Malibu and Bondi Beach, and combined it with a unique island spirit to create characteristic island beach houses. This unique product has been approved for development within the National Park.
