The lovely 5000 square foot Cashmere Villa is a short distance from Non Such Bay's tranquil turquoise seas. The property is situated on a 3/4 acre site and has unobstructed views of the bay.

Drink a beverage while sunbathing on one of the terrace's padded sunbeds and gazing out at the sea's turquoise waters. Swim in the infinity pool afterward, then keep things simple with a casual grill and eat outside beneath the covered area of the patio. The rental price also includes the services of a housekeeper, a private chef, and a concierge to handle all of your needs.
